# Khabbar Follies

*In this section, Khabbar looks into the Konkani community and anything and everything that is Konkani from a Konkani point of view. The names will never be published but geographic location will be identified in general terms.*

There is no doubt in my mind that *Khabbar* is a part & parcel of life of Konkanis in North America. In fact, *Khabbar* has developed a special relation with most of the Konkani families and here are some examples of those close encounters of a different kind.....

When Konkanis in North America want to know where-about of fellow Konkanis they probably contact *Khabbar*, hopefully with some good reference material. Case in point is, *Khabbar* gets a request to find the where-about of one Konkani person with a nick name "Babu"! Apparently, this person had met Babu at a wedding but remembered the last name and very little sketchy information!!

Luck has it, *Khabbar* was able to find the correct information about this Babu. This information was send to this person (after

*Khabbar* verified that information by "googling" this Babu's real name).

Here comes the reply from this person congratulation *Khabbar* for furnishing the correct information and goes on saying that *Khabbar* is THE Konkani Wikipedia in North America!

## **Editor's Reply:**

That is an honor. Thanks
