

Khabbar Follies

In this section, Khabbar looks into the Konkani community and anything and everything that is Konkani from a Konkani point of view. The names will never be published but geographic location will be identified in general terms.

There is no doubt in my mind that *Khabbar* is a part & parcel of life of Konkanis in North America. In fact, *Khabbar* has developed a special relation with most of the Konkani families and here are some examples of those close encounters of a different kind.....

The US Postal Service has a special service that we all can sign up for. You can activate Email notification and this will enable postal customers to preview their mail with informed delivery from the USPS- a new feature that gives you the ability to see a digital preview of your incoming mail. Informed Delivery allows you to view images of the exterior, address side of your household's letter-sized mail pieces on a computer, tablet, or mobile device. As part of the upgrade, you can receive a daily

email containing images of your mail pieces that are arriving soon.

Case in point, this family from TX signed up for this service and now they know when *Khabbar* will arrive into their mailbox. And this has led to a competition between the couple to see who gets the *Khabbar* issue first! And, I believe, it is a cut-throat competition!! I hope this competition will only enrich their marriage!?!
